

Market Release Note

MRN-TS9002-B1

Product number: TS9002

Product description: Titan 3.4

Product version: TS9002-R03.04.00 Build 1

Affected parts: TS9002

Release date: 14th October 2015

Interlogix is pleased to announce the immediate availability of Titan 3.4.

The release of Titan 3.4 reaffirms our commitment to continue to enhance our platforms, keeping them current in technology, in competitiveness and in market attractiveness; while delivering the latest in new and enhanced features.

New features

Titan 3.4 offers the following improvements:

- Support for Windows10 Professional 64-bit (or higher version)
- Support for 27-bit Indala ASC raw card data format

Documentation

Marketing collateral	Titan Datasheet
	Software comparison matrix
Manuals	User Manual
Software download	Download the latest version of Titan at www.interlogix.com.au/downloads

Issues resolved in this release

- Account Code field in Area form no longer accepts and sends negative values

Known issues

- Sometimes only the first Challenger panel communicates, when multiple panels are connected using multi-drop on a single serial port. If this happens, go to Control > Challenger Version No, then recall the version for all panels. This will prompt the panels to communicate correctly.
