Aritech Relaunches as a Global Intrusion and Video Brand, Expands Geographic Reach

DIEGEM, Belgium, Oct. 15, 2020 — Today, global intrusion and video brand Aritech™ is relaunching, offering connected and secure solutions, for homes, buildings and enterprises. Now as Aritech is relaunched globally, the brand will serve more regions, including Australia and New Zealand, Latin America and parts of Asia. Aritech replaces Interlogix as the new brand for its global commercial and residential intrusion portfolio, integrated access control and video solutions. Aritech, a leading provider of security and life-safety solutions, is a part of Carrier Global Corporation (NYSE: CARR), a leading global provider of healthy, safe and sustainable building and cold chain solutions.

“Aritech stands for reliability, customer centricity and innovation,” said Stéphane Baudena, managing director, Fire & Security Products EMEA, Carrier. “We are proud to relaunch Aritech, as we continue to innovate and deliver integrated security solutions that cross the traditional boundaries between access control, intrusion and video.”

In the commercial segment, Aritech’s product range offers integrated and smart security solutions that allow customers to manage and control their security needs. From intrusion detection to access control and video surveillance, these leading solutions provide customers with a comprehensive way to manage the security of their buildings, and the safety of staff and visitors. Aritech’s innovative

UltraSync® cloud solution ensures that connectivity is always secured, using an end-to-end encrypted communication with VPN technology.

For residential customers, Aritech continues to offer innovative cloud-based solutions. Combining the UltraSync cloud and ZeroWire™ platform, residents can create a wireless smart home, allowing them to keep their home and family safe via their tablet or smartphone.

Aritech has served the European security business since its creation in 1980 until it was rebranded to Interlogix in 2010.
