

## Market Release Note

MRN-TS1001-002

---

Product number:	TS1001
Product description:	Touch Screen RAS
Product version:	V01-00-6680
Affected parts:	TS1001
Release date:	21 <sup>st</sup> May 2015

Interlogix is pleased to announce the immediate availability of updated firmware for the Tecom Touch Screen RAS (Remote Arming Station).

The new Touch Screen Arming Station firmware (V01-00-6680) includes the following improvements:

- Updated user interface layout
- Updated icons and colour scheme
- New front screen, quick control button for automation zones. This allows users to control lighting directly from the front screen

## Issues resolved in this release

- Resolved issue where keypad would occasionally lock up and freeze
